Notes:

1. It is to be noted that the tentative manpower schedule as mentioned above is just indicative. In case of additional manpower requirement in shutdown or in emergency, contractor shall deploy the required manpower within 12 hours.

2. Contractor shall maintain above mentioned manpower all the time so that plant operation is not affected due to lack of manpower. Appropriate arrangement for manpower shall be made to cover holidays and weekly off, substitute for long leave of personnel. Failsafe coverage arrangement shall be in place to avoid shortage of manpower.
