Notes:

1. It is to be noted that the tentative manpower schedule as indicated above is just indicative. The contractor has to mobilize adequate human resource to carry out the routine, preventive and need based maintenance on regular basis and also on day & night shifts on all days of the year including Sundays, holidays and national holidays as mentioned above. In case of less Manpower supply, contractor will be liable for deduction as per LD Clause, penalty will also be imposed as a disciplinary action.
2. Contractor shall maintain required manpower all the time so that plant operation is not affected due to lack of manpower. Appropriate arrangement for manpower shall be made to cover holidays and weekly off, substitute for long leave of personnel. Failsafe coverage arrangement shall be in place to avoid shortage of manpower.
